"The gorgeous, award-winning metal roof is the crowning touch on a stately 7,800 square-foot home that was built in 1994 and is located in Ocala, Fla.

The home's new roof replaced a worn-out concrete tile roof and Worthouse and the installer, Innovative Sheet Metal, were able to overcome plenty of project challenges, including grappling with a range of different pitch elevations, complex detail work and an extremely tight two-week lead time.

These challenges — and the end result — are what made the project such a stand-out in the view of the MRA judges."

26 GAUGE, G90

Supre, Ulta and **Como^{NEW}** are made
from **ArcelorMittal** steel
– the largest steel producer in the world

MODULAR METAL ROOFING TILES

NEW

Steel is durable

Steel roofing products have nearly twice the lifespan of conventional roofing products

Steel is eco-friendly

Steel can be recycled endlessly, which makes it one of the most environmentally friendly materials

Steel protects

Our steel roofing products have achieved the highest hurricane wind protection, hail impact and fire safety ratings in the US

PROTECTIVE SHIELD

Noble Matte

Covered with the Noble Matte coating, it effectively protects against long-term wear and provides maximum corrosion resistance in any conceivable application.

Stable and constant

The Noble Matte coating not only protects against discoloration, but also functions as an all weather shield.

It says no to re-roofing

Forget about re-roofing. Supre, Ulta and Como will serve you reliably for generations. The steel and protective shield form a really powerful duo of protection.

Magnelis® **NEW**

Available only for
Modular Metal Roofing Tile
Como

Magnelis® is a unique metallic coating that represents a breakthrough in corrosion protection. It is the best material with numerous uses.

Magnelis® coating has undergone the most severe corrosion performance tests in Daytona Beach laboratories. The results were uncomparable with any other coating on the market!

The Magnelis® corrosion performance is a minimum of 3 times greater than Galvanized Steel in all environmental classes!

WORTHHOUSE IS DELIGHTED TO PRESENT TO YOU OUR ROOF OFFERING OF MAGNELIS COATING WITH AN AMAZING WARRANTY

- **30 Year Warranty for C3/C4 environment**
- **20 Year Coastal Warranty for C5 environment**

Corrosion performance – outdoor exposure.
Complementary data in very severe environment
First data after 1 year exposure.
